Dear Greek Member,

In light of recent events both at UA and at other Universities, we as The University of Alabama Greek Council Presidents would like to remind you of the resources we have on campus to ensure your needs as a student and as a member of your organization are met.

The first resource we would like to highlight is the Hazing and Harassment Hotline, which connects to a third party vendor, GreenwoodHall. If you are being hazed or harassed by a classmate, member of your fraternity/sorority, or another member of the UA community, we encourage you to report it to (205) 348-HALT. Calls are confidential and callers may remain anonymous or they can provide personal information, so their concerns can be responded to directly. We would like to remind you that The University of Alabama does not tolerate hazing, and hazing is against the law in the state of Alabama. You may also choose to report hazing through the Hazing Report Form provided on the Student Life Hazing Prevention webpage (https://hazingprevention.sa.ua.edu/how-to-report/).

Next, The University of Alabama Police Department (UAPD) is one of the most helpful resources we have on campus. The goal of UAPD is to “provide a safe and secure environment for all members of our community,” so do not be afraid to call for help in the event of an emergency. If you ever feel threatened, which includes hazing, by another student or group of students, we encourage you to report your situation to UAPD. If you feel like or know you are being hazed, do not hesitate to reach out. To contact UAPD, please call (205) 348-5454 at any time of the day, 365 days a year. UAPD also has an app called the UA Safety App, which “provides students and employees with immediate access to information in case of an emergency. Features include a built-in GPS to every campus building and shelter locations, AEDs and safety guidelines for potential hazards.” This app is available for both iOS and Android devices.

In addition to UAPD, our campus is home to the UA Counseling Center. The University of Alabama’s Counseling Center provides general counseling, counseling for mental health, programming for organizations, and a variety of other resources. It is located just past the Law School on Bryant Drive, and staff can be reached at (205) 348-3863.

As leaders of the Greek Community, we care about you and your experience here at The University of Alabama. We feel that it is our duty to make you aware of the resources that are available to you on campus so that you can prosper as a student at UA.

Sincerely,

Everette Dawkins
