Chapter Presidents, Advisors, HCB Members, and House Directors,

As you know, this is a rapidly changing situation and as UA continues to adapt our response to COVID-19 based on recommendations from the Centers for Disease Control and Prevention, Greek Housing Facilities will be closed effective immediately, except to House Directors and for the retrieval of resident belongings. As a reminder, no social events, gatherings (formal or informal), meetings, etc. will be allowed in the housing facilities, which is the same standard being applied to the rest of campus. Additionally, no meals will be offered, and residents will not be allowed to remain on the premises overnight.

Students living in Greek housing facilities, in need of interim accommodations through the spring semester, may apply to live in the residence halls, based on availability, and utilizing the same criteria for limited exceptions. A link to the Spring Semester Housing Extension Request Form will be available by midweek.

Additionally, a conference call will be scheduled with the Fraternity and Sorority House Corporation Boards (HCBs) for Wednesday, March 18 to discuss this process, time and call-in details to follow. Please send any questions and concerns regarding logistics and timeline to Julie Elmore, Assistant Director of Greek Housing, at jelmore@ua.edu.

Thanks in advance for your understanding and cooperation.

Sincerely,

Fraternity and Sorority Life
