Greek Resident,

We recognize this is a difficult time for our students and families and very much appreciate your understanding as we finalize details for spring move-out. On Tuesday, April 28, Alabama Governor Kay Ivey announced the expiration of the Stay-at-Home Order on April 30 and introduced the transition strategy for the Safer at Home Order. With that being said, UA is implementing a multi-day, staggered move-out process beginning May 5th with varying end dates based upon chapter. In an effort to protect the health of the UA community and create an adequate amount of distance between residents, social distancing and protective guidelines will be incorporated into the move-out process.

To ensure a smooth checkout process, please familiarize yourself with the following move-out guidelines:

- Do not come to move out if you are exhibiting any signs of COVID-19; have tested positive for and not yet recovered from COVID-19; or have been exposed to anyone showing symptoms of the disease. See Move-Out Self-Questionnaire for details.
- Chapter members are limited to one non-student guest to assist with move-out.
- Do not bring a guest who is exhibiting symptoms of COVID-19; has tested positive for the disease; or has been exposed to anyone showing symptoms of COVID-19. See Move-Out Self-Questionnaire for details.
- Prior to arriving to campus, chapter members are required to sign-up for a checkout day and time with their respective House Corporation Board (HCB) or designated chapter housing representative.
  - A limit of one member per each hallway per floor (Maximum 4 members) will be observed during move-out.
- Checkout appointments for roommates or suitemates may not occur at the same time, unless chapter members are siblings residing in the same household.
- Please practice social distancing while moving out and remain at least six (6) feet away from others. Only one family should be in an elevator at any time. Please plan to use the stairs when practical.
- Chapter members will be limited to 3 hours during move-out.
- Chapter members will not be allowed to stay overnight in the chapter housing facility.
- Chapter members may not socialize or take photographs in or around the chapter facility.
- Restroom availability will be subject to each HCB.
- Access to common areas will be subject to each HCB.
• The Centers for Disease Control (CDC) recommends and the University strongly encourages that cloth face coverings be worn in public places. UA will not have PPE available for your use. Public areas in each building will be cleaned and sanitized regularly, but you may also choose to bring sanitizing wipes and hand sanitizer.

• Chapter members are encouraged to bring their own gloves and cleaning supplies as well as carts, dolly’s, etc., to assist with the move-out process.

• For those members, who are unable to move-out during the assigned dates, House Corporation Boards (HCBs) can, on a case-by-case basis, make special arrangements.

Information regarding the timeline and logistics for your specific chapter housing facility, including details about the move-out signup process, is forthcoming from your Chapter Leadership or House Corporation Board (HCB). For chapter specific questions, you are encouraged to communicate directly with your House Director or designated chapter housing representative.

As we have said before, the UA Greek Community is a resilient one and our connections are what keep us close. We appreciate you and continue to thank you for all that you are doing to uplift the UA fraternity/sorority community during these very uncertain times. Please continue to practice social distancing and follow guidance from health officials. UA will continue to provide up-to-date information at healthinfo.ua.edu.

Sincerely,

Fraternity and Sorority Life
