- A Project Initiation Request Form (PIR) must be submitted to the Director of Fraternity & Sorority Life at least one week prior to the next regularly scheduled Student Organization Facilities Committee meeting. Regular meetings are held on the second Wednesday of every month, and special meetings can be called if necessary.

- The Student Organization Facilities Committee will review the PIR and make a recommendation to the Administration regarding whether it believes the project should proceed as proposed or proceed to the Board of Trustees (BOT) for approval, if required.

- Once the plans are approved by the Student Organization Facilities Committee and/or the Board of Trustees, the Project can begin with the appropriate coordination with UA Construction Administration.

- All projects with a project cost of $50,000 or greater will be managed by the University and bid in accordance with state procurement and bid laws regardless of the source of funding.

- Projects with a cost that is less than $50,000 can be managed by the House Corporation of the Student Organization.

- In accordance with Board Rule 415, all architects/designers must be engaged/hired by UA regardless of project cost or funding source.
For Student Organizations that wish to apply for new or existing lots or those that would like to request swing space while a project is being completed, the appropriate application must be completed and submitted for review by the Student Organization Housing Advisory Board Committee. The submission of this application is also coordinated by the Director of Fraternity & Sorority Life.

Please remember that failure to abide by any of these requirements gives the University the right to halt any project until the proper procedures are followed.
